ABOUT 3D LEARNING EXPERTS

3D Learning Experts, a virtual tutoring company specializing in Orton-Gillingham and Multisensory techniques for students with Dyslexia, Dysgraphia, and Dyscalculia, offers a compelling partnership.

Our dedication to cutting-edge educational practices and a strong track record in personalized learning create a valuable opportunity for business partners. We are confident that aligning with 3D Learning Experts will enrich and elevate your contributions to our community.

MISSION

Our primary mission at 3D Learning Experts is to empower students with Dyslexia, Dysgraphia, and Dyscalculia by teaching academic skills, fostering self-esteem, and preparing them for independence.

EXPECTED OUTCOMES

In the upcoming pages, we'll describe the perks of aligning with 3DLE. Learn about the advantages that come with our partnership and how it can positively influence your goals.

OUR AFFILIATION PROGRAM

Our program provides a distinctive chance for your business and individuals to align with us, making a positive impact on the lives of students with Dyslexia, Dysgraphia, and Dyscalculia.

As an affiliate, you won't just contribute positively but also access exciting opportunities to enhance your success.

- 1. Earn Passive Income:** As an affiliate, you have the opportunity to earn passive income by promoting 3D Learning Experts' services and receive a commission on referrals generated through your unique affiliate link.
- 2. Make a Positive Impact:** Take pride in promoting 3D Learning Experts' tutoring services, which make a positive impact on student's lives, contributing to their academic success and personal growth.
- 3. Increase Your Expertise in Special Education:** You'll have the opportunity to deepen your understanding of education and learning challenges, gaining valuable knowledge that can be beneficial in various aspects of your life.

***We also have an partnership program, click the link below to learn more.**

HOW DOES IT WORK

Affiliate Program – Client Referral System

Our Tiered Client Referral system is designed to compensate you for your commitment to sharing referrals. Here's how it works:

- **Refer 1 student:** Earn a commission of \$50.
- **Refer 2 or 3 students:** Earn a commission of \$100 each.
- **Refer 4 or 5 students:** Earn a commission of \$150 each.
- **Refer 6 or more students:** Earn a commission of **\$200 each.**

This tiered structure means the more students you refer, the more you earn. It's a fantastic opportunity to generate income while making a difference in the lives of students with learning differences.

Client Onboarding Benefits

Our commitment to you goes beyond commissions. We want to ensure that your referrals have a smooth onboarding experience.

Here's what you can expect for them:

- **10% Onboarding Discount:** For every person you refer who schedules a free consultation call and then becomes a client using your personalized code, will receive a generous 10% onboarding discount. This discount demonstrates our dedication to providing top-notch support to your referrals from the very beginning.
- **Additional Rewards:** As a token of our appreciation, we will also send them a copy of Jess' books, **"I Am Not Dumb, I Am Dyslexic"** and **"When Life Gives You Lemon You Are Dyslexic"**. These books are designed to be empowering and inspiring, just like our mission.
- **Ongoing Commitment:** Our commitment doesn't end with our initial engagement. We firmly believe in providing enduring support. We're there every step of the way, ensuring they receive regular progress reports and have the opportunity to speak with us. Your referrals aren't just clients; they're valued members of a caring community that genuinely prioritizes their success.

WHO IS 3D LEARNING EXPERTS?

We are Transforming Education

- Specialized Expertise:**
 Our experienced educators specialize in addressing the unique learning needs of individuals with Dyslexia, Dysgraphia, and Dyscalculia, providing crucial intervention and tailored support to complement your care.
- Individualized Approach:**
 Committed to personalized tutoring, we tailor our services to each student's unique needs, seamlessly integrating any care plans in place to boost clients' confidence and self-esteem.
- Innovative Solutions:**
 3D Learning Experts use innovative methods and technology for engaging and effective instruction, fully aligned with academic, therapeutic and psychological healthcare goals.
- Proven Success:**
 Countless success stories affirm the transformative impact of our tutoring services on the clients we've served, which enhance your education, therapeutic or psychological care success stories.
- Community Engagement:**
 We actively engage in community outreach, aligning with your commitment to the well-being of your pediatric patients.

REAL STORIES OF SUCCESS

“

Matthew is doing really well in school! He finished 8th grade with straight A's and continued to do well in his freshman year in high school.

We are so thankful for your program!

You helped Matthew not only in reading and spelling but taught him skills that help him in all subjects. His confidence grew while in your program and he knows that if he works hard he can be successful at anything. He sends a big hello to Ms. T!

~ Christine T.

“

You really had such an impact on Leila. ❤️

I can never thank you enough for your support of her through testing, diagnosis, and development of her reading skills.

I was blown away when we went to the botanical gardens in Hawaii and she read every sign. I mean you knew her Dyslexia – adaptive skills were amazing but since she worked with you she has the tools to actually read really complex stuff! It just blew my mind. ❤️😊

~ Lisa B.
Leila's Mom

“

I am beyond happy and grateful for Aiden's tutoring!!
He was upset when I told him he'd be starting it, but he came back smiling after his first session. He no longer complains about doing it and always says things are good. He seems to really like Mr. Chris and the games they play at the end make this more enjoyable.

As his parent, I love reading the session re-cap, especially when I ask Aiden what he learned or worked on today and he says he can't remember or is very vague in response.

~ Sarah S.

“

Jess has been an instrumental tool for my daughter's growth and navigating with Dyslexia. Jess, With her everlasting smile, patience and care for my daughter she has helped her gained confidence with reading. **3D Learning Experts has given me the tools and confidence of pushing forward along side my daughter.**

~ Xochitl E.
